

# COMMUNITY MEETING

July 1, 2003

6:00 p.m. to 8:00 p.m.

PATH building at 1455 NW Leary Way

*\*Entrance is through parking lot off NW Ballard Way*

## Leary Way NW Improvement Project

The Seattle Department of Transportation (SDOT) is hosting a community meeting for the **Leary Way NW Improvement Project** on **July 1, 2003** in the **PATH building** at **1455 NW Leary Way** (entrance is located through the parking lot on the south side of the building off of NW Ballard Way) between **6:00 p.m. and 8:00 p.m.** This meeting is a follow-up to the first and second community meetings held in October 2002 and February 2003 and will provide staff an opportunity to update the community on the progress of the project and present the final design plans.

There will be a presentation of the design plans from 6:15 to 6:45 p.m. and then an opportunity to ask questions, comment on the project, and informally review the design plans from 6:45 to 8:00 p.m.

**Project Boundaries:** Leary Way NW between NW 36th Street and 15th Avenue NW; and on NW 46th Street between Leary Way NW and 9th Avenue NW.

### Key Elements of the Project

#### Street Improvements

- Asphalt resurfacing of Leary Way NW between NW 36th Street and NW 48th Street.
- Asphalt resurfacing of NW 46th Street between 9th Avenue NW and Leary Way NW.
- New curb ramps and concrete sidewalk repair on Leary Way NW.
- New concrete sidewalk and the installation of curbs and gutters on the northside of NW 46th Street between 9th Avenue NW and Leary Way NW.
- Curb, gutter and sidewalk repairs on Leary Way, between 15th Avenue NW and NW 48th Street.
- New curb ramps and concrete sidewalk repair on Leary Way NW between NW 48th and NW 36th streets.
- Intersection reconfigurations, north leg of Leary Way intersections with 3rd Avenue NW, 6th Avenue NW, 8th Avenue NW, and NW 48th Street.

#### Traffic Signal Improvements

- Install a new traffic signal at Leary Way and 11th Avenue NW (instead of NW 46th Street).
- Interconnect and coordinate the traffic signals on Leary Way NW, as well as the existing signal on NW 46th Street at 11th Avenue NW.
- Install fire pre-emption on signals along Leary Way NW (14th Avenue NW to NW 39th Street).
- Install transit signal-priority compatible controllers.

#### Street Lighting Upgrade

- Upgrade street lighting on Leary Way NW between NW 36th Street and NW 48th Street.
- Upgrade street lighting on NW 46th Street between 9th Avenue NW and Leary Way NW.

#### Drainage

- Provide drainage improvements as required on NW 46th Street between 9th Avenue NW and Leary Way NW.
- Provide drainage improvements as required on Leary way between NW 36th and NW 48th Streets.

#### Landscaping

- Street tree planting on Leary Way between NW 36th and NW 48th streets.
- Street tree planting on Leary Way between 15th Avenue NW and NW 48th Street
